## Happy Groundhog Day!

Every Feb. 2, we look to one of nature's critters to answer an important question: How long until spring arrives? The tradition behind the holiday we know as Groundhog Day is actually several hundred years old. In Europe, people would gather for a festival marking the halfway point of winter. If it was a cloudy day, they predicted that spring would arrive soon. But if the sun was out, they believed many more weeks of cold weather were still to come. Eventually, folks in Germany added their own spin to the legend, saying that burrowing animals like badgers and hedgehogs could predict the weather. If these critters emerged from underground during the midwinter festival and saw their shadow, then they would be spooked back into their homes, signaling that it was a long wait to spring. When German immigrants settled in North America, they brought this seasonal celebration with them, changing the tradition to include a groundhog, which was more common in their new country.

Whether the groundhog sees his shadow or not, Groundhog Day is a fun holiday to celebrate! Here are some fun facts about groundhogs to share with your family and friends.

- Groundhogs are also called woodchucks and whistle-pigs.
- They're members of the squirrel family, which also includes chipmunks and prairie dogs.
- They live throughout the U.S. and Canada.
- Their burrows can be up to 50 feet long, and about 5 feet deep.
- Groundhogs hibernate from October to March, but of course they sneak a peek outside on Groundhog Day!

#### **Inventive Abe**

Did you know Abraham Lincoln is the only U.S. president to ever hold a patent? He invented a device to lift boats over obstructions in rivers, such as sandbars, but it was never produced. A scale model of the mechanism is held at the Smithsonian Institution.

## A Winning Color

Red is known for symbolizing love and passion, but scientists say the crimson color may provide a competitive edge as well. Studies have been done in a number of sports, and results show athletes and teams who wore the color red more often came out the winner over their opponents who wore another color.

### A Little Self-Love

"To fall in love with yourself is the first secret to happiness." —Robert Morley

## Self-Care Corner: Valentine's Day Your Way

No date for Valentine's Day? Put your energy toward self-care instead. Treat yourself to the pick-me-up of your choice, whether that's fresh flowers or your favorite takeout. Spend the evening doing something you enjoy. Cheesy movie marathon? Video game session? Your date, your rules! Finally, end the holiday on a high note by writing a list of things you love about yourself.

### Memorable Melody: 'You've Got a Friend'

This beloved folk ballad was written and recorded by Carole King in 1971, but her close friend and collaborator James Taylor was the one who took it to the top of the charts that same year. Though King didn't write the tune specifically for Taylor, she was inspired by a line in his hit song "Fire and Rain"—"I've seen lonely times when I could not find a friend"—and penned a heartfelt response, reassuring the listener that "All you have to do is call, and I'll be there." Both artists earned Grammys for "You've Got a Friend"—song of the year for King and best male pop vocal for Taylor—and it's a signature song for each that they've often performed together.

# Take a Leap

2024 is a leap year, when February has an extra day. Take inspiration from Leap Day on Feb. 29 to "take a leap" and try something new in your life, such as joining a club or taking a class.

## Honoring Black History

February is Black History Month, a time to reflect on the achievements of African Americans who helped shape our great nation. These heroes will be the focus of several events this month, so check the calendar and be sure to join us.

### Beloved Rom-Com

The first film to sweep the Oscars, winning all five major categories (best picture, director, actor, actress and screenplay), "It Happened One Night" premiered in February 1934. Celebrate the movie's 90th birthday with a screening of the romantic comedy starring Clark Gable and Claudette Colbert.
